INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Board of Directors
Midvale Telephone Company, Inc.

We have audited the financial statements of Midvale Telephone Company, Inc. for the year ended December 31, 2012, and have issued our report thereon dated April 29, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and 7 CFR 1773, *Policy on Audits of Rural Utilities Service (RUS) Borrowers*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In planning and performing our audit of the financial statements of Midvale Telephone Company, Inc. for the year ended December 31, 2012, we considered its internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER
(continued)

7 CFR 1773.33 requires comments on specific aspects of the internal control over financial reporting, compliance with specific RUS loan and security instrument provisions, and other additional matters. We have grouped our comments accordingly. In addition to obtaining reasonable assurance about whether the financial statements are free from material misstatements, at your request, we performed tests of specific aspects of the internal control over financial reporting, of compliance with specific RUS loan and security instrument provisions, and of additional matters. The specific aspects of the internal control over financial reporting, compliance with specific RUS loan and security instrument provisions, and additional matters tested include, among other things, the accounting procedures and records, compliance with specific RUS loan and security instrument provisions set forth in 7 CFR 1773.33(e)(2) and related party transactions and investments. In addition, our audit of the financial statements also included the procedures specified in 7 CFR 1773.38-45. Our objective was not to provide an opinion on these specific aspects of the internal control over financial reporting, compliance with specific RUS loan and security instrument provisions, or additional matters, and accordingly, we express no opinion thereon.

No reports (other than our independent auditor's report, and our independent auditor's report on internal control over financial reporting and on compliance and other matters, all dated April 29, 2013) or summary of recommendations (other than the audit fieldwork exit memo) related to our audit have been furnished to management.

Our comments on specific aspects of the internal control over financial reporting, compliance with specific RUS loan and security instrument provisions, and other additional matters as required by 7 CFR 1773.33 are presented below.

COMMENTS ON CERTAIN SPECIFIC ASPECTS OF THE INTERNAL CONTROL OVER FINANCIAL REPORTING

We noted no matters regarding Midvale Telephone Company, Inc.'s internal control over financial reporting and its operation that we consider to be a material weakness as previously defined with respect to:

- the accounting procedures and records;
- the process for accumulating and recording labor, material, and overhead costs, and the distribution of these costs to construction, retirement, and maintenance or other expense accounts; and
- the materials control.

COMMENTS ON COMPLIANCE WITH SPECIFIC RDUP LOAN AND SECURITY INSTRUMENT PROVISIONS

At your request, we have performed the procedures listed below with respect to compliance with certain provisions of laws, regulations, contracts, and grants. The procedures we performed are summarized as follows:

- Procedures performed with respect to the requirement for a borrower to obtain written approval of the mortgagee to enter into any contract, agreement, or lease between the borrower and an affiliate for the year ended December 31, 2012, of Midvale Telephone Company, Inc.;
 - Obtained and read a borrower-prepared schedule of new written contracts, agreements, or leases between the borrower and an affiliate as defined in 7 CFR 1773.33(e)(2)(i).
 - Reviewed Board of Directors' minutes to ascertain whether Board-approved written contracts are included in the borrower-prepared schedule.
 - Noted the existence of written RUS approval of each contract listed by the borrower.
- Procedure performed with respect to the requirement to submit the operating report for telecommunications borrowers to the RUS;
 - Agreed amounts reported in the operating report for telecommunications borrowers to Midvale Telephone Company, Inc.'s records.

The results of our tests indicate that, with respect to the items tested, Midvale Telephone Company, Inc. complied, in all material respects, with the specific RUS loan and security instruments provisions referred to below. The specific provisions tested, as well as any exceptions noted, include the requirements that:

- the borrower has obtained written approval of the RUS to enter into any contract, agreement, or lease with an affiliate as defined in 7 CFR 1773.33(e)(2)(i); and
- the borrower has submitted its the operating report for telecommunications borrowers to the RUS and the operating report for telecommunications borrowers, as of December 31, 2012, represented by the borrower as having been submitted to the RUS is in agreement with Midvale Telephone Company, Inc.'s audited records, in all material respects, and appears reasonable based on the audit procedures performed.

COMMENTS ON OTHER ADDITIONAL MATTERS

In connection with our audit of the financial statements of Midvale Telephone Company, Inc., nothing came to our attention that caused us to believe the Company failed to comply with respect to:

- the reconciliation of continuing property records to the controlling general ledger plant accounts addressed at 7 CFR 1773.33(c)(1);
- the Company updates its continuing property records annually to agree with its general ledger. Due to the volume of activity, this routinely takes several months after year end to complete. As of audit fieldwork, the Company's continuing property records are current through 2011 and in process for 2012;
- the clearing of construction accounts and the accrual of depreciation on completed construction addressed at 7 CFR 1773.33(c)(2);
- the retirement of plant addressed at 7 CFR 1773.33(c)(3) and (4);
- the approval of the sale, lease, or transfer of capital assets and disposition of proceeds for the sale or lease of plant, material, or scrap addressed at 7 CFR 1773.33(c)(5);
- the disclosure of material related party transactions, for the year ended December 31, 2012, in the financial statements referenced in the first paragraph of this report addressed at 7 CFR 1773.33(e); and
- the detailed schedule of investments.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The detailed schedule of investments in affiliated companies required by 7 CFR 1773.33(i), and attached to this letter, is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in our audit of the basic financial statements, and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as whole.

See attached Schedule of Investment in Affiliated Company.

This report is intended solely for the information and use of the Board of Directors, management, others within the entity, and the RUS and supplemental lenders and is not intended to be, and should not be used by anyone other than these specified parties.
